

PROJECT 2: Book Rep Customer Relations Management

DIFFICULTY LEVEL: Intermediate

Overview

This project updates the CRM HTML page you started in Project 2.2 to add some visual style and make it look professional.

Instructions

1. Use your lab02-project02.html file from the last chapter as a starting point (and rename it) or take our chapter03-project01.html starting point file.
2. Import your existing reset.css from Project 1 to reset all default styles.
3. Create an external style sheet named chapter03-project02.css and import as well.
4. Add styles to chapter03-project02.css so that it looks similar to that shown in Figure 3.32. Do not modify the markup within the <body> element. This means defining styles for the header, footer, section, and other tags.

Hint: Notice the backgrounds for each of the section headers. Use attribute selectors for the mail and telephone link icons as shown below:

```
a[href^="mailto"] {  
    background: url(images/email.png) no-repeat 0 3px;  
    padding-left: 1em;  
}  
a[href^="tel"] {  
    background: url(images/call.png) no-repeat 0 3px;  
    padding-left: 1em;  
}
```
